Please specify which of the three approved purposes the Alumni Research Grant application is for:

Conference ☐ Research ☐ Publication ☐

Present Institutional Affiliation (Please attach your **Curriculum Vitae**)

--

Please provide a detailed description of the purpose for which grant is sought

--

Abstract of proposed research, publication, or paper to be delivered at conference. Please note that the Committee may request a detailed proposal.

--

The proposed venue for conference or publication (name of journal) and medium (e.g., print, web-based, etc.)

--

Evidence of submission to conference organisers or publishers (e.g., invitation letter, acceptance letter, etc.)

Explanation of why self-publication, if that is the case, is the most appropriate way to publish the material.

Plans for publication/dissemination: Please note that if the study is funded by the IIS, then the publication of papers emerging from the study will need prior consent from the IIS. Please describe the proposed output from the research, plans for publication of your paper or other means of dissemination of the work for which you are seeking an award.

Language competence: If relevant, please state your level of language competence or otherwise explain how the objectives of the research will be met.

Ethics: If the project involves research on human subjects (focus groups, surveys, etc.), please attach copies of the relevant ethics permissions obtained from your institution.

Are there any special ethical issues arising from your proposal that are not covered by the relevant professional code of practice? Yes ☐ No ☐

Have you obtained or will you obtain approval from your employing institution or relevant authority? Yes ☐ No ☐

If you have answered yes to the first question, please describe any non-standard ethical issues arising from your research and how you will address them.

Personal statement: Applicants are invited to include any information relating to their professional career which they may wish to be taken into account in assessing this application. You must include here an explanation of how the purpose for which the grant is sought is of relevance to the IIS.

Please list your budget for this project in line item detail and provide explanation (e.g., travel and accommodation cost, equipment required). Please note that any equipment funded by the IIS will remain the property of the IIS and will need to be returned to the IIS after the completion of the study.

--

Please provide details of other sources of research funding or grants you currently hold.

--

I hereby confirm that the research and publications deriving from my study will accord with the statement of ethical and professional responsibilities articulated by the Society for Applied Anthropology (<http://www.sfaa.net/sfaaethic.html>). I will ensure particular sensitivity to the needs and concerns of the communities involved, while taking special care to avoid any possible misunderstandings or misrepresentations derived from the findings. I further confirm that I will not disseminate or publish the findings of my study without the prior written consent of The Institute of Ismaili Studies.
